

Sunday 9th March 2008.
Alice Tomberlin.

Yesterday when I was in the hotel room God showed me two pictures and at first I wasn't sure what they meant but when I walked into this room (the main Hall @ ANC) God confirmed it.

The first picture I saw was the flags of all nations; I feel that the LORD is saying that this church is not going to be limited by this area. I just feel there is a strong sense of God's love in this room and this church and I feel like the Lord is saying that "This church, they love me so much, they know my heart, and they are not only just going to love each other and enjoy themselves here in this room. They are going to go beyond this area, beyond this country and go to other Nations." And I sense that, I don't know if you guys are doing anything overseas, but I feel like the Lord is saying, you are going to send missionaries to different countries. There is going to be increase, increase, and increase in numbers.

The second picture I saw was really powerful. I couldn't understand, I saw the oil, I've never been to this church this is my first time. I just saw the oil just cover the whole place. But the thing is, it was in a circular motion and I couldn't understand. But when I walked into this church I could understand, I didn't even know a church could sit in a circle like this. I just sensed that God's presence is so strong. I was praying for David before he came to the meeting & I said there was a strong sense of God's presence in this church, and God was showing me that there is a strong anointing in this whole room, in this whole church. And another thing that I saw was people were floating on the oil. The oil was so much, not just a little bit but like a river and God is telling me that there is freedom in this church. I just see people just floating, so peaceful and so free. But not everyone of you, and I feel like the Lord is saying that He wants to invite everyone just to jump into this river and just to be free, just to have a taste. A lot of you guys may have already experienced God, but I feel like the Lord is saying He's going to give you a fresh touch, a fresh taste - fresh touch and fresh taste. He says "There is more that I can give you"

When you guys were worshipping I kept hearing you say "I love you Lord, I love you Lord ..." and God was saying so loudly into my ears "I love you more, I love you even more." You said "I want to give you everything Lord" and I feel like the Lord is saying "I want to give everything to you; I want to give everything to you!!" I was so touched I was crying on the floor - this is the kind of God, just how good is this God we are serving. I just want to encourage you that God has so much love and favour over you guys - the love is just so powerful.

Amen.
